

植物學家的小日記

The background of the page is a detailed botanical illustration. It features various types of plants, including ferns, grasses, and flowering plants, rendered in a soft, painterly style. Interspersed among the plants are several small, detailed drawings of insects, such as butterflies and beetles. The overall color palette is muted, with greens, yellows, and soft pinks, creating a gentle and naturalistic atmosphere.

# 自我介紹及創作理念

## 〈植物學家的小日記〉

我是陳駿翰，從小和人群少交流，喜歡看野花的書籍得到知識，慢慢知道它們的名字和特徵，激勵我向上學習，也給我很大的力量。這次創作常見的野花野草，是一般人不會注意的，我會蹲在草叢裡觀察它們的成長，並了解它們成長的背景歷史故事。我會繼續保護關心野地植物，也會繼續記錄它們的生長史，感謝它們從小陪伴我，讓我成長不孤單，豐富我的心靈。
